MARYVILLE, MISSOURI, WEDNESDAY, MARCH 5, 1913.

NO. 236.

GIRLS ARE SWEET

MORE CANDY GREETED THE BAND AT ST. LOUIS.

INTERVIEWED FOR STAR

Band Girls Also Have Their Picture in Ohio State Journal—Greeted by Many Friends on Trip.

No word was received Wednesday from the Maryville ladies band, at Washington, excepting a few post cards to friends that were mailed from Washington the morning of their arrival there.

Mr. J. S. Shinabargar received a telegram Tuesday evening at 5 o'clock from the band, which gives every evidence that the girls are being well received and are being shown the time of their lives. It reads:

"We made good in the parade and at the Continental Memorial hall on Monday. Saw Taft and Wilson Tuesday. Missourians and others are showing us every courtesy possible. Will arrive home Saturday. Kindly advise those interested."

"MO. LADIES MILITARY BAND."

The second letter to The Democrat-Forum from Miss Mary Q. Evans of the Missouri Ladies' Military band of Maryville, arrived Tuesday night. The letter was written Sunday on the way to Pittsburgh, and mailed in that city Monday morning. Our girls are being treated royally wherever they go, and all Maryville should be proud of it. The letter reads:

En Route to Pittsburgh, Pa., March 2, 1913.—We reached St. Louis about 11 p. m. Saturday and were met by another representative of the Pennsylvania railroad, and he is acting as our personal escort to Pittsburgh. We are certainly meeting with much consideration from the Pennsylvania railroad.

If the band girls were not sweet before they left Maryville they certainly are now, for when they reached St. Louis they received a five-pound package of the candies from the suffragists of St. Louis. They also received the following letter from Mrs. George Gellhorn, president of the Missouri Equal Suffrage association:

"My Dear Miss Nash: We regret so much that your late arrival will prevent our meeting you and the members of your party. We had hoped you would come early enough for a little demonstration at the station. Since this is impossible, will you accept this box of sweets with our heartfelt good wishes for a successful and enjoyable trip? We will hope to have the pleasure of meeting you in the near future."

Yours sincerely,

"EDNA FISCHER GELLHORN"

During the one hour wait in St. Louis we were interviewed by a reporter of the St. Louis Star. We left St. Louis at midnight, reaching Indianapolis at a reasonable (?) rising time Sunday morning.

Of course, we have been watching for interesting things along the line. At Dayton, O., we saw the soldiers' home and the National cash register factory, and at Columbus we viewed the state penitentiary. One thing that has seemed strange to us is the miles and miles of rail fences and the absence of silos. As we approach the Pennsylvania state line we note the absence of snow, except a little in the gullies and on the shady sides of buildings. We have found it very interesting passing through the oil and coal region of Eastern Ohio.

We are sorry that we must pass through Pennsylvania in the night and thus miss the magnificent scenery, but hope to see it on our return trip, as we are planning to travel through that territory in daylight.

We have met some friends of members of the band and others who had friends at Maryville.

Between Maryville and St. Louis a friend of Prof. Landon presented himself. In St. Louis we were greeted by Miss Seabee Rowley, and at Columbus, O., a brother of Prof. R. E. McCann came to represent the Ohio State Journal and secured one of the band pictures to insert in that paper. Mrs. Grace Chamberlain Smoot of Cincinnati, formerly of Maryville, had planned to meet us at Dayton, but was detained, so sent a special delivery letter of congratulation and good wishes.

The passengers on the train requested that we give a concert Sunday afternoon, and expressed their appreciation in a substantial form. At the close of the concert Frans E. Linquist of Kansas City, a friend of Judge W. C. Ellison of our city, presented himself. He is on his way to Washington to plead a case before the supreme court. He offered to try to secure admission for us to a session of the supreme court.

Another of the passengers who attended the concert was Cameron M. Kay of Texas, a brother-in-law of Senator Gore of Oklahoma.

We are just approaching Pittsburgh,

where we hope to see a magnificent display for the smelters. We have dinner this evening in Pittsburgh, and will leave for Washington at 11:10 p. m.

MARY Q. EVANS.

Communication

For a County Advisor.

Editor Democrat-Forum: In regard to a farm advisor, I wish to go on record as being very much in favor of such a man. I have four farms in Northwest Missouri, and would be very glad to pay my share, and then some, of the necessary expense. Of course, a good deal would depend on the man. A college boy that could not tell the off ox from the high steer would hardly do, as he would make so many blunders. The old man would joke him and the young man would not have confidence in him. What we want is an old wheel horse, one that has been through the ring. To be sure he should have some college education and have had the habit of walking hand in hand with the expert station, and appreciates the efforts of the governor in our behalf. He should be almost what we call a retired farmer. The young man could learn from his teaching and profit by his experience.

The advisor's relation to the people should be something similar to the duties of the superintendent of public instruction to the schools. The advisor should not be a farm advisor strictly speaking, but should foster and father the interests of all people in the county. The benefits to be derived from having an advisor are too many to enumerate. For instance, the young man of today is going so fast, as he thinks, that he cannot accept any advice from dad, but is most sure to heed the words of a stranger. I have in mind a young farmer that had a beautiful field of wheat. He shocked and harvested it poorly. He had not been taught the art of stacking, but waited and waited for the machine to come to thresh from the shock. When the machine did come at last the weather was damp, and as he placed the grain in a granary it soon heated and spoiled for bread or seed purposes. He could not get a buyer here to touch the case, so he shipped the wheat and shipped it to St. Joseph, but found no market there, so forwarded it on to Kansas City and sold it for 75 cents a bushel, less expenses, when he should have had \$1 per bushel right at home. A drunken gambler allowed his boys to stack the oats without instruction. I called at threshing time and found every bundle so placed as to turn the rain toward the center of the stack. I think I know full well that a person could take a few bundles of grain in a conveyance and canvass the county teaching wherever there was an opportunity, and save enough to the county to pay an advisor's salary a thousand times over. I believe one-third the oats are lost through poor seed.

I have been a corn planter nearly fifty years, and have never lost a dollar by poor seed. Now the last year the worst weed in my fields was the volunteer crop of corn. Every grain seemed to grow, even though plowed under in April, yet over the county nine men out of ten could not get their seed corn to grow.

I commenced studying alfalfa at the Iowa agricultural college in 1876. I now have seven or eight meadows in Nodaway county. I have made a success of getting a stand of alfalfa these dry years, yet alfalfa is not generally raised over the county, to the county's loss. It seems as though an advisor should have an office in the county seat, the same being arranged to keep on hand information, samples and models, seed testing, etc. A circular letter mailed to the farmers every week, calling attention to this and that would be a great benefit. Such a letter right now in regard to the coming crop would save at least 10 per cent of the colts which are usually lost. A good smart advisor could probably hold two meetings a week at the rural school houses, a quarterly meeting each quarter in the small towns and a big meeting in Maryville at the close of the year. I can not spend time to state all the many advantages of an advisor, but above all he would keep in mind the moral welfare and uplift of the people. We should have better towns, better neighbors, better homes and tenants, and life would more be worth the living. In closing, I will quote the words of an anonymous writer.

Our rural homes, long may they live To tell their country's story; They are our health, our wealth and might, And are our future glory.

A. ROSS HILLS,

Hill Top Farm, Guilford, Mo.

Court Gave \$50.

The county court made an order Wednesday giving \$50 to the county corn contest to be held this fall under the direction of County Superintendent Oakerson.

Banker Carl Wray of Guilford was a business visitor in Maryville Tuesday.

GAVE HER ALIMONY

MRS. REEDER ALSO GETS CARE AND CUSTODY OF CHILDREN.

COURT NEARING AN END

Adjournment to Be Taken Saturday and Petit Jury Will Probably Be Discharged—Cases Continued.

Only a short session of circuit court was held today, as there were no cases set for trial. Court will meet again Thursday morning, and if there are no jury trials for that day the court will then discharge the petit jurors. The February term will adjourn Saturday.

In the divorce case of Maggie Reeder vs. Albert F. Reeder, the court granted a decree of divorce to Mrs. Reeder and the care and custody of two minor children. Alimony of \$20 a month was also given to the plaintiff for her support.

The case, of Charles Robinson, charged with carnal knowledge, was continued by agreement. There will probably be no other criminal cases at this term, as nearly all of them have been disposed of. In the case of Cecil Stackhouse, charged with forgery, a petition containing many names was filed in court asking for a parole for the young man. No disposition has been made of this case.

F. A. Breit vs. James Barber, damages, continued by agreement.

First National bank vs. J. M. Gattison, attachment on note, cause continued.

Maryville Furniture company vs. Joseph Younger, attachment suit, attachment sustained and judgment for plaintiff for \$175.65.

DeLaval Separator Co. vs. Conception Mercantile Co., and T. W. Costello, continued on application and at cost of term to defendant. This case has been on the docket for the past five years, being continued from time to time by the attorneys.

Pharasa Cooper vs. Frank Cooper, divorce, continued by agreement.

S. H. Williams, collector, vs. Mary C. Pierson, back tax, plaintiff dismissed suit.

In the case of Emma Eckles et al. vs. Glen D. Eckles, partition, the report of the special commissioner was approved by the court and an attorney fee of \$400 was allowed to Attorney Bagg & Ellison, a fee of \$5 to M. E. Ford, who was guardian ad litem, and a commissioner's fee of \$100 to W. R. Tilson.

NEW REAL ESTATE FIRM.

O. L. Holmes and E. F. Wolfert in Partnership Under Firm Name of Holmes & Wolfert.

A new real estate firm was formed in Maryville this week, the name of the new firm being Holmes & Wolfert, composed of O. L. Holmes and E. F. Wolfert. They will deal in real estate, insurance and loans. Their office will be over Crane's book store.

McGrew Will Filed.

The will of Brinton McGrew, who died at his home, near Barnard, a few weeks ago, was filed in probate court Wednesday. The will was written on February 1, 1912, and was witnessed by George R. Ellison and James S. Shinabargar. By the terms of the will the personal property is to be divided equally among his wife, Josie M. McGrew, and a daughter, Beatrice McGrew. The real estate is left to his wife and at her death to be given to their daughter, Beatrice. Josie McGrew was named as executrix.

A Visitor From Portland.

Miss Milan Peniston of Portland, Ore., who arrived a short time ago on a visit to the family of her cousin, T. J. Peniston and family of South Main street, went to Creston Monday night to visit another cousin, Mrs. Martin Hoefler. Miss Peniston expects to spend a year in this part of the country with relatives, and the greater part of the time will be spent in Maryville.

Miss Katie Psenner and Miss Neta Bagby visited in Hopkins Tuesday afternoon.

Notice of Township Convention

Notice is hereby given to all Democratic voters of Polk Township, that a township Mass Convention will be held at the Court House Maryville, Missouri, Saturday, March 22, 1913, commencing at 2 o'clock, p. m., for the purpose of selecting a Township ticket to be voted on at the regular Township election. The ticket to be named will be composed of one township Trustee, one township Collector, one township Clerk, one township Constable, two members of township Board, five Justices of the Peace. Signed,

John M. Dawson,
Township Committeeman

HELD ELECTION.

The Elks Selected Officers for the ensuing Year—Dr. Stinson Exalted Ruler.

The Elks held their annual election of officers Tuesday night and the following were selected: Dr. Harry L. Stinson, exalted ruler; Dr. Jesse Miller, leading knight; Ralph Marcel, loyal knight; F. P. Reuillard, lecturing knight; Dr. Frank Wallis, secretary; F. P. Robinson, treasurer; W. F. Phares, trustee for three years; A. E. Schumacher, tiler.

Lawrence Schumacher was selected as representative of the lodge to the national grand lodge to be held in Rochester, N. Y., this year. The alternate is E. E. Williams.

The delegates selected to the state Elks association meeting to be held at Cape Girardeau, Mo., in May were E. E. Williams, Dr. H. L. Stinson, George Robb Ellison and Phil Smiley.

Five new candidates were initiated into the Elks Tuesday night. After the initiation a luncheon and smoker was held in the banquet room in the basement of the building.

COUNTY UNIT BILL UP TODAY.

A Small Senate Skirmish Won by the "Drys" Yesterday.

Jefferson City, March 5.—The outcome of one of the most important prohibition fights Missouri has known is being told this afternoon when county unit comes up for final passage.

After getting a bad setback Monday the "drys" came back and captured the second round yesterday by getting the bill on the calendar despite the adverse report of the committee as a special order for today. The vote stood 21 to 8 for making the order on the bill over the committee's report, but it was no true test of the senate for several avowed "wets" voted for the motion.

When the senate opened Tuesday Senator Craig of Nodaway county made the motion to take up the bill today. Senator Busby of Carrollton seconded the motion. But the scrap was a weak one. Senator Casey spoke in opposition. He said he was opposed to taking any bills out of their order. Craig replied that the importance of the county unit bill deserved the action of the senate.

Last night both the "wet" and "dry" camps are busy mustering their forces for the battle over the hill. While the "drys" claim they have a fighting chance of passing the bill, it is believed that the advantage lies with the "wets," and that the bill will fail of passage by two votes.

SCHOOL WAS APPROVED.

North Wildcat, Near Clyde, Now a First Class Rural School.

The North Wildcat rural school of near Clyde was approved recently by State Superintendent W. P. Evans as being a first class rural school. Miss Margaret McCann is the teacher of the school. The school came up to all of the requirements of an approved school, and so the certificate of approval was issued.

Operated On For Abscess.

Cleva, the 4-year-old daughter of Mr. and Mrs. William Glover, living at Edward and Dewey street, was operated on Tuesday evening at 7:30 at St. Francis hospital for abscess of one lung. The little girl has been sick over a month with pneumonia and was in a serious condition. The physicians, Dr. C. T. Bell and Dr. Will Wallis, performed the same operation on the little girl they performed last week on Louise Peery, daughter of Mr. and Mrs. M. A. Peery. Both children are getting along nicely.

Left for Kansas.

Curtis Adams and Miss Crystal Adams left Wednesday morning for their new home, near Burlington, Kan. Mr. and Mrs. Adams preceded their children there some time ago. They have leased a farm there.

Funeral Thursday Morning.

The funeral services for Mrs. William Joslin, who died Tuesday morning at her home, near Guilford, will be held Thursday morning at 11 o'clock at the M. E. church in Guilford.

TOGETHER IN MAY

HANAMO AND BELL LINES WILL BE JOINED THEN.

COMMENCE NEXT WEEK

New Switchboard Will Be Here and the Work Will Start at Once—Harry Todd National Director.

Harry C. Todd, manager of the Hanamo Telephone company of this city, returned Wednesday from a two days business visit in Chicago, and where he attended a meeting of the board of directors of the National Independent Telephone association, of which board he is a member. Mr. Todd was selected as a member of the board a week or so ago and is the only member from Missouri. There are sixteen other members of the board over the United States. This is the first meeting of the board that Mr. Todd has attended.

While Mr. Todd was in Chicago he found out that his new up-to-date switchboard will be in Maryville by next Wednesday. It will probably take three weeks to install the board, as all of the pieces and equipment are separate and will have to be put together here. After the board is put together work will then commence to connect Bell subscribers to the new switchboard, then the Hanamo subscribers will be taken. After the wires are connected then the toll lines will be put in. It is thought that it will take until May 1 or June 1 before the work is completed on the switchboard, and then there will be the new desk phones and wall phones to be installed.

The Bell company will still maintain an office in Maryville, and will have a long distance service to all points in the state and over the country. The new company, the Hanamo, will also use the Bell toll lines.

NEW MAN AT ALDERMAN'S.

Dellmar Coffman of Manhattan, Kan., to Have Charge of Carpet and Drapery Departments.

The Alderman Dry Goods company has secured Mr. Dellmar Coffman, who has been in charge of the carpet and drapery departments of the L. R. Eakin store in Manhattan, Kan., for the past eleven years, to take charge of the carpet and drapery and wall paper departments of the Alderman store. Mr. Coffman's experience and personality is fast winning for him the confidence of the Maryville people.

A MISSIONARY DEBATE.

Home Missions Versus Foreign Missions Will Be Discussed Tonight at Presbyterian Church.

A good many people believe in home missions more than in foreign missions, and vice versa. The writer knows one church where over \$3,000 was given to foreign missions and less than \$100 to home missions. Other churches give as disproportionately the other way. But all shrill argument forever ceases after tonight. This question is going to be settled in a debate at 7:30 o'clock this evening at the First Presbyterian church.

W. H. Crawford, Dean George H. Colbert of the Normal, C. E. Wells and H. P. Swinehart are the debaters, and the question is, "Resolved, that home missions are more worthy of support than foreign missions." The first two gentlemen will speak for the affirmative and the last two for the negative. Three ladies will be the judges.

Home From Oklahoma City.

Mr. and Mrs. William Funk returned Wednesday noon from El Reno, Okla., where they spent the winter with Mr. Funk's son, J. Lester Funk, and family.

Mrs. A. C. Miller of Hopkins, one of the oldest residents of that place, is dangerously ill.

OLEO CASES ARE COMPROMISED

Federal Claim for \$1,000,000 Taxes Settled for \$101,100.

Washington, March 5.—The government's \$1,000,000 claim against Chicago packers and others for taxes alleged due on colored oleomargarine sold as uncolored was compromised by Secretary MacVeagh for \$101,100. A spirited controversy surrounded these cases. Judge Landis started a grand jury investigation, which later was suspended pending the treasury department's action.

The compromise was made, it is explained here, because the government had no evidence to sustain the \$1,000,000 claim. The amount agreed upon, it is added, was all the government could hope to get even through litigation.

The Chicago concerns fined and the amounts they will pay follow: Armour & Co., \$10,000; William J. Moxley company, \$25,000; G. H. Hammond company, \$20,000; United States Butterine company, \$20,000; Friedman Manufacturing company, \$7,500. Other concerns and the amounts they paid are: The Capital City Dairy, \$22,000; Blanton Manufacturing company, \$800, and the Ohio Butterine company, \$10,000.

TRIES TO BLACKMAIL RIVAL

Social Leader of Antigo, Wis., Arrested by Federal Detectives.

Chicago, March 5.—Mrs. Maude Stewart of Antigo, Wis., a social leader and wife of a prominent merchant, was arrested by federal detectives here, charged with sending a blackmailing letter to a rival social leader.

Mrs. Stewart collapsed when United States Commissioner Foote held her in \$3,000 bonds. The letter which caused the arrest of Mrs. Stewart was written to Mrs. H. E. Vanostland, who, the government detectives say, is a rival of Mrs. Stewart for leadership in Antigo society. Mrs. Vanostland attended a recent meeting of the Daughters of the American Revolution in Washington.

In the letter Mrs. Stewart made some accusations against Mrs. Vanostland in connection with the Washington trip and demanded that she place a sum of money in a crevice in a post in the outskirts of Antigo.

Mrs. Vanostland turned the letter over to the postal authorities. A dummy package was placed in the post and it is declared that Mrs. Stewart was seen taking it. The state's attorney declined to undertake the prosecution of the case. The postal authorities in Wisconsin took the matter up and Mrs. Stewart was arrested here on advice from District Attorney Goff of Milwaukee.

Suffragists Storm Indiana Capitol.

Indianapolis, March 5.—Woman suffrage of Indiana won a victory when, after more than 600 women marched to the state house, swarmed onto the floor of the senate and argued their cause with cornered legislators. Senator Grubb, unable to withstand the pleas, introduced a joint resolution to amend the state constitution to grant women full suffrage. From the senate the women went into the house and there stopped the proceedings while they made their pleas. Here, however, they were less successful than in the upper house, for but little attention was paid them.

Friedmann Must Get License.

New York, March 5.—Whether Dr. F. F. Friedmann will be allowed to make a demonstration of his tuberculosis treatment in this city rests with the board of health, he announced. The German physician has been forbidden to practice here by the board of censors of the New York Medical society without a special license, and this he indicated he has applied for.

HEAVY SENTENCE

BERNARD MUSE GETS YEAR IN JAIL AND \$650 FINE.

HE PLEADED GUILTY

Many Requests Have Been Received That He Be Paroled, and the Court May Grant a Parole Later.

Bernard Muse of Parnell was given a severe sentence in circuit court this afternoon, being fined \$650 and given a jail sentence of twelve months. Muse was indicted by the recent grand jury on four counts, one being running a gaming house, one on a charge of gaming, and two charges of violation of the local option laws. The gaming house charge was withdrawn by the state and was made a charge of gaming.

Muse pleaded guilty to all of the charges and was fined \$25 each in the gaming charges, and given six months in jail and a fine of \$300 in each of the local option charges. The court will probably grant a parole to the young man at a later date, as many Parnell people have requested the court to do so. Muse and his mother, who is now working in Maryville, were in the court.

Muse was arrested at St. Joseph about a week ago and since that time has been in the county jail here.

NO TRIP TO EUROPE.

Craig Bill Providing Junket to Probe Credit System Defeated.

A bill by Senator Craig of Nodaway county, providing for an investigation of the European system of credits by which farmers of the old world are able to borrow money at low interest rates, was defeated in the senate yesterday by a vote of 13 to 15.

The governor was to appoint two Missourians to make the trip abroad. It was explained that the United States congress had started the movement and that many of the states had joined in the movement.

SETTLEMENT WITH COLLECTORS.

County Court Sent Three of the Collector's Books, as They Had Not Been Collected Closely.

The county court, in session this week, has been making settlement with the various township collectors over the county. They have approved the books of Charles Worley of Hopkins township, Calvin Burch of Atchison, Frank Bloodfield of Independence and Frank Wiederholt of Jefferson. Three collectors' books, Grant, Green and Jackson townships, were sent back as the taxes had not been collected as good as they should be.

The court granted a pool license to M. A. Sparks and Gabe Purcell for Conception Junction.

TO HOLD REVIVAL AT CLEARMONT

Rev. R. E. Snodgrass to Begin Meetings at Christian Church in That Town.

Rev. R. E. Snodgrass will begin a meeting for the Christian church at Clearmont next Sunday, March 9th. Mr. Snodgrass is recognized as an evangelist in the front rank, and during the past two years has held some of the greatest meetings of the brotherhood. Some of his recent meetings are: Salem, Ark., 73 additions; Fairfield, Neb., 67 additions; Mt. Pleasant, Ia., 82 additions; Hammond, Ind., 104 additions; Auburn, Ind., 123 additions; Fremont, Neb., 140 additions.

Evangelist Snodgrass was pastor of the Christian church at Hopkins for two years preceding his entering the evangelistic field. He is well known in these parts, and no doubt many from neighboring towns and communities will visit his meeting at Clearmont. The church people are putting forth every effort to make this one of the very greatest meetings ever held in the town. Mrs. Snodgrass accompanies her husband and assists in the music, doing the solo work.

Mr. Snodgrass has recently been called to do some special evangelistic work for the northwest district of Missouri, including twenty-three counties, and because of this the Clearmont people were able to secure him for this meeting.

A marriage license was issued Wednesday to Vernon Miller of Clearmont and Bertha Francis Smith of Maryville.

Mrs. J. E. Melvin went to Arkoe Wednesday morning to spend the remainder of the week with her daughter, Mrs. J. T. Goff.

RUN-DOWN PEOPLE.

Made Strong by Vinol.
Run-down conditions are caused by overwork, worry, too close confinement, a chronic cough or cold which it is difficult to cure.

We want to say to every person in this condition—you need Vinol, our delicious cod liver and iron tonic without oil, the great strength creator. It will supply iron to the blood in the most easily assimilated form, create healthy appetite, strengthen your digestive organs and make you eat better, sleep better and feel better.

A case has just come to our attention from West Scranton, Pa. Mrs. Charles Proper says: "For three years I was all run down, weak and had no appetite, and after all that time I am glad to say Vinol has brought back my health and strength, which is just what I was told it would do."

We are confident that Vinol is the best body builder and strength creator we have ever sold. Try a bottle on our guarantee to refund your money if it fails to benefit you. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

M'HUGH SCORES GOVERNMENT

Say it Has No Right to Prejudice Case Before Hearing.

TAKING OF TESTIMONY BEGINS

One Hundred Witnesses Will Be Examined in Omaha in Case to Dissolve So Called Harvester Trust. Other Hearings Scheduled.

Omaha, March 5.—Judge W. D. McHugh of Omaha, attorney for the defendant in the suit brought by the federal government to dissolve the so called International Harvester company trust, sharply criticises the government for publishing the report of Luther Conant, Jr., United States commissioner of corporations, in which Conant declares the company is a monopoly. It is an attempt by the government to prejudice the suit, says Judge McHugh, and is "manifestly unfair and unjust" and "merits most indignant protest."

Taking of testimony for the defendant began in Omaha today. About 100 witnesses will be examined. Other hearings will be had in all the important grain centers of the United States.

BOWLING LEADERS CHANGED

Consistent Work Results in Good Scores in Most Events.

Toledo, March 5.—A general change was made in the individual and two-man leaders in the American Bowling congress tournament. While the rolling in both events was not considered by the officials as exceptional, the work of the men was consistent and resulted in good scores in most events.

In the individual class A, Marsh of Springfield, Ill., climbed into second place with a mark of 651. George Palt of Madison, Wis., tied with S. W. C. Reichter of Chicago for fifth place with a total of 644.

In the two-man events A. Haas and C. Carr of Fort Wayne and H. Hoyer and C. W. Ashley of Sioux City tied for second place, each team with a total of 1,247. G. Jackson and H. Brooks of Fort Wayne went into second place in the all-events class by his consistent work. His total for the nine games is 1,894.

Darrow Denounced in Bitter Speech
Los Angeles, March 5.—A bitter exhortation of Clarence S. Darrow marked the opening of arguments in the trial of the Chicago lawyer for alleged jury bribery on behalf of the McNamara. Former Judge Wheeler A. Gray, who has acted as special prosecutor, began the closing argument for the state. Each side will consume eight hours. Darrow closing for the defense and Assistant District Attorney Ford for the prosecution.

Financier Taken From Burning House
New York, March 5.—Dr. Seward Webb, railroad man and financier, who has been ill for some time, was rescued by his servants when a fire on the second story of his home on Fifth avenue, near Fifty-third street, threatened to reach his apartments. Only two weeks ago John D. Rockefeller bought from Mrs. W. Seward Webb the residence in which the fire occurred. The price paid was \$1,250,000.

Attorney General Rules on Primary Act
Pierre, S. D., March 5.—Attorney General Johnson rendered an opinion covering a number of points in the Richards primary law on queries which were submitted to him. Among other things, he holds that under the provisions of that act there are no party organizations in the state of South Dakota at the present time and cannot be until after the primaries.

Marriage of Anna Gould Annulled.
Paris, March 5.—A Rome dispatch says the papal tribunal has annulled the marriage of Count Boni de Castellane with Anna Gould, now the Duchess of Talland, on the ground that Miss Gould showed by a declaration she made shortly before the marriage that she did not accept the indissolubility of the Christian marriage.

Orders Prize Fight Stopped.
Lincoln, March 5.—During the absence of Governor Morehead in Washington, Lieutenant Governor McKelvie (Rep.) is occupying the executive chair in the state house. His first official act was to issue orders to the sheriff of Saline county to stop a prize fight scheduled in the city of Wilber next Thursday night.

Divided Sessions Begin.
Lincoln, March 5.—The supreme court began its divided sessions. Judges Barnes, Fawcett and Rose sitting with Chief Justice Reese. This arrangement will continue for the week, when next Monday the other three, Judges Sedgwick, Hamer and Letton, with the chief justice, will hear the cases.

Mrs. Emerson May Die From Shock.
Buffalo, March 5.—The condition of Mrs. Mary Emerson of Dorsey, Neb., the woman who was badly shaken up, sustaining a nervous shock in a wreck of a Wabash flyer at Cayuga, Kan., took a change for the worse, and Dr. Porter of the railroad fears she may not recover, being seventy-two years of age.

STOMACH SOUR? GOT INDIGESTION ALSO?

"Pape's Diapiesin" Make Upset Stomach Feel Fine in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapiesin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapiesin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapiesin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery. Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.—Advertisement.

TWO BIG SUPPLY MEASURES FAIL

Taft Vetoes Sundry Civil Bill Because of Exemptions.

FILIBUSTER KILLS INDIAN ACT.

Senator Fall Talks Bill to Death in Closing Hours—Special Session of Senate Assembles to Act on Wilson's Cabinet Appointments.

Washington, March 5.—Two of the great annual appropriation bills necessary to the maintenance of the federal government failed to pass when the Sixty-second congress would up its affairs.

Senator Fall of New Mexico, holding the floor through the closing hours of the session, talked the Indian appropriation bill to death, with its \$12,000,000 for the support of the Indian service, while President Taft wrote his veto on the \$115,000,000 bill to take care of the sundry civil expenses of the government.

The house repassed the sundry civil bill over the veto, but when it reached the senate Senator Poinsette objected to any appropriation for the Washington police force unless an investigation had been made for the riotous scenes attending the suffrage parade Monday, and the senate did not vote on the bill.

Objects to Labor Exemption.

Mr. Taft vetoed the sundry civil bill because of its provisions exempting labor unions and farmers' organizations from prosecution under the anti-trust law. Most of the appropriations would not take effect until July 1, however, and the new congress can prepare appropriation measures by then.

The provision which Mr. Taft objected provided that no funds could be spent in prosecution of organizations or individuals for "entering into any combination or agreement having in view the increasing of wages, shortening of hours or bettering the conditions of labor," or for the prosecution of "producers of farm products and associations of farmers who cooperate and organize to obtain and maintain a fair and reasonable price for their products." This, he declared, was "class legislation of the most vicious sort" and would undoubtedly be held unconstitutional by the courts. Referring to the farmers' clause, President Taft said:

"At a time when there is widespread complaint of the high cost of living it certainly would be an anomaly to put on the statute books of the United States an act in effect preventing the prosecution of combinations of producers of farm products for the purpose of artificially controlling prices."

The special session of the senate, which Vice President Marshall called to order immediately after the Sixty-second congress adjourned, assembled again at noon today to receive and act on President Wilson's cabinet appointments.

TAFT FAMILY IN GEORGIA

Former President is Guest of City of Augusta.

Augusta, Ga., March 5.—Former President Taft and family arrived here today. He expects to be in Georgia to rest and play as the guest of Augusta for three weeks. On March 27 he plans to go north again to New Haven to settle down under the elms of Yale to the peace and quiet of life as professor of law.

Says Machinery is Unsafe.

Moline, Ill., March 5.—Fifteen hundred employees of the Rock Island railroad system at Silvis, Ill., refused to return to work, adopting resolutions in a mass meeting that the machinery in the shops is unsafe and telegraphing to the governor's office at Springfield a request that a factory inspector be sent to Silvis. The action was the outcome of an accident Feb. 28, when two men were killed and five injured by a falling crane. The shops have been idle since.

The low-grade powders are made from "alum," or "sodium aluminum sulphate," which is also alum, a mineral acid, which does not make the food healthful.

One pound of the low cost powders contains three ounces of alum, a mineral acid. Is it safe to put that on your pantry shelf along with cans of food ingredients?

Food baked with alum baking powders is found to contain a portion of the alum unchanged.

Read the ingredient clause of label on the can. Unless it shows cream of tartar don't use the powder.

At the conclusion of an article on "The Poultry Business" in the current issue of Farm and Fireside appears the following:

"The four cornerstones upon which the success of the poultry business depend are: (1) Suitable buildings, properly located, (2) the right foods skillfully fed, (3) good fowls carefully bred, (4) facility and ability to hatch and rear chickens."

"If anyone is willing to employ some common sense, there is no reason why he should not be able to clear \$200 over feed expenses from one hundred layers. A good many are doing much better."

**UGH! HOW CHILDREN
HATE CASTOR OIL**

To Clean the Little One's Stomach,
Liver and Waste-Clogged Bowels
Give Gentle "Syrup of Figs."

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and 39 feet of bowels now; we coax them. We have no dreaded after-effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath feverish and its little system full of cold; has diarrhoea, sore throat, stomach ache; doesn't eat or rest well—remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. Accept nothing else.—Advertisement.

**YOUR GRAY HAIRS
QUICKLY VANISH**

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time? Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent Kock Pharmacy.

MEXICO BECOMING MORE QUIET

General Inclination to Recognize New Regime Is Being Manifested—Caranza Revolt Is Spreading in Northern Part of Republic.

Mexico City, March 5.—Major Cardenas, who was in charge of the escort of Francisco Madero and Jose Pino Suarez on the day they were killed, was promoted from the rural guard to the same rank in the regular army.

A general inclination to recognize General Huerta's administration is being manifested by the rebels in all parts of the republic. Nearly all the rebel leaders have now fallen in line, asking either that their men be incorporated in the regular army or mustered out. Many of the rebels, however, display sensitiveness in regard to the amnesty bill to be discussed by the chamber of deputies today, which they say, wrongly implies their defeat.

Rumors of plots and conspiracies are frequent in the capital; everybody continues to suspect his neighbor. Secret service men keep constant watch over the most prominent suspects.

A force of rebels has occupied Yucapitla, Morelos. The war department announced its intention of dispatching a punitive expedition into the southern rebel zone.

New significance has been added to the northern insurrection under General Carranza of Coahuila by the discovery of some adherents of Carranza far to the west in Zacatecas where they have burned railroad bridges.

SECOND CLASH AT DOUGLAS

Many Shots Are Exchanged Across the Border.

Douglas, Ariz., March 5.—A second skirmish occurred between the Ninth cavalry troops and Mexican federal soldiers from Agua Prieta, across the international border, one and a half miles southeast of Douglas, Mexicans to the number of fifty fired on the border patrol at a distance of 250 yards.

In answer to a hurry call troops B and F and a machine gun platoon of the Ninth cavalry were rushed to the place where the Mexicans had fired on the patrol squad. A rapid-fire was put in immediate operation, in addition to a hot fire from the negro cavalrymen's rifles. The Mexican soldiers returned the fire.

Killed by Half Brother in Quarrel.

Aberdeen, S. D., March 5.—In a quarrel at the home of their father J. G. Gronso, a prominent farmer, near Frederick, S. D., Wilfred Gronso, aged forty, was shot and killed by his half brother, Tom Gronso, aged eighteen. Wilfred died in an hour and a half after the shooting. The sheriff was notified and Tom awaited his coming and is now in jail here. According to the statements of the family, the dead man went to Frederick and became intoxicated. Returning home he seized a shotgun and threatened the entire family. Then Tom seized another gun and shot his half brother.

New York Central Is Fined \$30,000.

Buffalo, March 5.—A fine of \$30,000 was imposed on the New York Central railroad in the United States court for failing to observe published rates of demurrage at East Buffalo. The fine was paid. A stipulation was also filed discontinuing ninety-eight actions against the Lake Shore and Michigan Southern and the New York, Chicago and St. Louis railroads for violations of the law in connection with cattle shipments. The railroads paid \$25,000.

Will Attend Niece's Wedding.

Mrs. L. J. Nash went to Oregon Wednesday morning to attend the marriage of her niece, Miss Eva Hershner to Mr. Frank Buntz, a young farmer of near Mound City. The wedding will take place Thursday evening at 7 o'clock at the German Methodist church, six miles east of Oregon, in the presence of 100 guests. A reception will follow at the home of the bride's parents, near the church.

Twentieth Century Club.

Marketing was the problem up before the members of the Economics department of the Twentieth Century club Tuesday afternoon at the Elks club. Such problems as come into the everyday life of almost every housewife. The following subjects showed careful study:

"Quality of Foods," by Mrs. Berney Harris.

"Cold Storage Problems," Mrs. John Richey, substituting for Mrs. J. A. Ford.

"Weights and Measures," Miss Marie Brink.

"Marketing of Green Vegetables," Mrs. W. H. Crawford.

"Marketing of Canned Goods," Miss Rena Sturm.

A paper left over from last meeting was read at this time by Mrs. G. B. Holmes. Her subject, "Homemaking a Double Responsibility to be Equally Shared." She was convincing in her conclusions, based as they were upon a firm foundation—the Bible.

In the discussion led by Mrs. Beal Roseberry, all loose ends were gathered up, and taking it altogether it was one of the most interesting and instructive meetings of the season.

Celebrated the Inauguration.

The meetings and social affairs of the M. I. Circle are so good all the time that the members and their friends are saying each successive one is the best, but the meeting of Tuesday afternoon at the home of Mrs. L. W. Nixon, they all say, was altogether the best one. Perhaps it was because the program was all so timely. It had to do with the presidential inauguration day, as the meeting was being held soon after the time the ceremonies were going on in Washington that inducted our new president, Woodrow Wilson, into office, and there was the natural enthusiasm over it that all good Americans feel. And then, in addition to that, was the interest in the Missouri Ladies' Military band from Maryville, that had headed the suffragists' parade in that city the day previous, an honor that we all share in. The devotional service was led by Mrs. T. K. Wray. Responses to roll were incidents from the life of President Woodrow Wilson. Two very excellent papers were read, one on "Inaugural customs," by Mrs. F. M. Martin, and the other on "The Women of the White House," by Mrs. W. A. Bailey. It was necessary to hear these papers to fully appreciate their historic value and charm. An instructive parliamentary drill was conducted by the Circle president, Mrs. W. B. Christy. Mrs. M. D. Kemp acted as critic. After the program the members of the Circle discovered why special word had been sent out requesting a full attendance of the membership. The hostess invited all to remain for

What the Best Dressed Women Will Wear This Spring

No. 2004—The "Winston" Suit is as remarkable for the value given for the price, as it is for its style "snap." It is a simple but clever modification of the popular cut-away jacket, the rigid severity of the tailoring being relieved by a deft touch at the cuffs and by small self-colored buttons effectively placed. Price \$25.

The tailor-made suit will probably have a jacket in cut-away model, and in the most approved form the back of the jacket will hang two or three inches lower than the front. The side-buttoning style is still good, and the narrow skirt is as correct as ever, except that this spring's models have a little more fullness at the hips, with perhaps a little "draping" effect.

Coats for wear over dresses are a trifle shorter than last season—45 to 50 inches, except the manish, "sport" coats, which go to full 54 inches, with a tremendous "flare" at the bottom. Eponge, mistral canvas and the new "knit-

ted" or toweling cloth weaves are much used in coats, and light grays, pure white and black and white are especially approved. Of course the sturdy serges, in various novelty weaves and wales, in tans, grays and blue, are as correct as ever for utility coats.

All of which—and more in detail—is magnificently demonstrated in the carefully selected garments in our present showing.

An exposition of the true, approved styles in women's wear, shown in moderately priced garments—notably in the famous Wooltex coats, suits and skirts.

No. 2200—This coat model is an unmatchable value in cloth quality, style quality and tailoring quality. A handsome, distinctive style, a feature of which is the half-belt with its overlapping pearl buttons in the back. It is 54 inches long and is made of very durable material. Price \$20.

GIRLS ARE SWEET

MORE CANDY GREETED THE BAND AT ST. LOUIS.

INTERVIEWED FOR STAR

Band Girls Also Have Their Picture in Ohio State Journal—Greeted by Many Friends on Trip.

No word was received Wednesday from the Maryville ladies band, at Washington, excepting a few post cards to friends that were mailed from Washington the morning of their arrival there.

Mr. J. S. Shinabargar received a telegram Tuesday evening at 5 o'clock from the band, which gives every evidence that the girls are being well received and are being shown the time of their lives. It reads:

"We made good in the parade and at the Continental Memorial hall on Monday. Saw Taft and Wilson Tuesday. Missourians and others are showing us every courtesy possible. Will arrive home Saturday. Kindly advise those interested."

"NO LADIES MILITARY BAND"

The second letter to The Democrat-Forum from Miss Mary Q. Evans of the Missouri Ladies Military band of Maryville, arrived Tuesday night. The letter was written Sunday on the way to Pittsburg, and mailed in that city Monday morning. Our girls are being treated royally wherever they go, and all Maryville should be proud of it. The letter reads:

En Route to Pittsburg, Pa., March 2, 1913.—We reached St. Louis about 11 p. m. Saturday and were met by another representative of the Pennsylvania railroad, and he is acting as our personal escort to Pittsburg. We are certainly meeting with much consideration from the Pennsylvania railroad. If the band girls were not sweet before, they left Maryville this certainly are now, for when they reached St. Louis they received a five-pound package of the candies from the suffragists of St. Louis. They also received the following letter from Mrs. George Gellhorn, president of the Missouri Equal Suffrage association:

"My dear Miss Nash: We regret so much that your late arrival will prevent our meeting you and the members of your party. We had hoped you would come early enough for a little demonstration at the station. Since this is impossible, will you accept this box of sweets with our heartiest good wishes for a successful and enjoyable trip? We will hope to have the pleasure of meeting you in the near future."

"Yours sincerely,

"EDNA FISCHER GELLHORN"

During the one hour wait in St. Louis we were interviewed by a reporter of the St. Louis Star. We left St. Louis at midnight, reaching Indianapolis at a reasonable (?) rising time Sunday morning.

Of course, we have been watching for interesting things along the line. At Dayton, O., we saw the soldiers' home and the National cash register factory, and at Columbus we viewed the state penitentiary. One thing that has seemed strange to us is the miles and miles of rail fences and the absence of silos. As we approach the Pennsylvania state line we note the absence of snow, except a little in the gulches and on the shady sides of buildings. We have found it very interesting passing through the oil and coal region of Eastern Ohio.

We are sorry that we must pass through Pennsylvania in the night and thus miss the magnificent scenery, but hope to see it on our return trip, as we are planning to travel through that territory in daylight.

We have met some friends of members of the band and others who had friends at Maryville.

Between Maryville and St. Louis a friend of Prof. Landon presented himself. In St. Louis we were greeted by Miss Seebee Rowley, and at Columbus, O., a brother of Prof. R. E. McCann came to represent the Ohio State Journal and secured one of the band pictures to insert in that paper. Mrs. Grace Chamberlain Smoot of Cincinnati, formerly of Maryville, had planned to meet us at Dayton, but was detained, so sent a special delivery letter of congratulation and good wishes.

The passengers on the train requested that we give a concert Sunday afternoon, and expressed their appreciation in a substantial form. At the close of the concert Frans E. Linquist of Kansas City, a friend of Judge W. C. Ellison of our city, presented himself. He is on his way to Washington to plead a case before the supreme court. He offered to try to secure admission for us to a session of the supreme court.

Another of the passengers who attended the concert was Cameron M. Kay of Texas, a brother-in-law of Senator Gore of Oklahoma.

We are just approaching Pittsburg,

where we hope to see a magnificent display for the smelters. We have dinner this evening in Pittsburg, and will leave for Washington at 11:10 p. m. MARY Q. EVANS.

For a County Advisor.

Editor Democrat-Forum: In regard to a farm advisor, I wish to go on record as being very much in favor of such a man. I have four farms in Northwest Missouri, and would be very glad to pay my share, and then some, of the necessary expense. Of course, a good deal would depend on the man. A college boy that could not tell the off ox from the high steer would hardly do, as he would make so many breaks. The old man would joke him and the young man would not have confidence in him. What we want is an old wheel horse, one that has been through the ring. To be sure he should have some college education and have had the habit of walking hand in hand with the experiment station, and appreciate the efforts of the governor in our behalf. He should be almost what we call a retired farmer. The young man could learn from his teaching and profit by his experience.

The advisor's relation to the people should be something similar to the duties of the superintendent of public instruction to the schools. The advisor should not be a farm advisor strictly speaking, but should foster and father the interests of all people in the county. The benefits to be derived from having an advisor are too many to enumerate. For instance, the young man of today is going so fast, as he thinks, that he cannot accept any advice from dad, but is most sure to heed the words of a stranger. I have in mind a young farmer that had a beautiful field of wheat. He shocked and harvested it poorly. He had not been taught the art of stacking, but waited and waited for the machine to come to thresh from the shock. When the machine did come at last the weather was damp, and as he placed the grain in a granary it soon heated and spoiled for bread or seed purposes. He could not get a buyer here to touch the case, so he cased the wheat and shipped it to St. Joseph, but found no market there, so forwarded it on to Kansas City and sold it for 75 cents a bushel, less expenses, when he should have had \$1 per bushel right at home. A drunken gambler allowed his boys to stack the oats without instruction. I called at threshing time and found every bundle so placed as to turn the rain toward the center of the stack. I think I know full well that a person could take a few bundles of grain in a conveyance and canvass the county teaching wherever there was an opportunity, and save enough to the county to pay an advisor's salary a thousand times over. I believe one-third the oats are lost through poor seed.

I have been a corn planter nearly fifty years, and have never lost a dollar by poor seed. Now the last year the worst weed in my fields was the volunteer crop of corn. Every grain seemed to grow, even though plowed under in April, yet over the county nine men out of ten could not get their seed corn to grow.

I commenced studying alfalfa at the Iowa agricultural college in 1876. I now have seven or eight meadows in Nowaday county. I have made a success of getting a stand of alfalfa these dry years, yet alfalfa is not generally raised over the county, to the county's loss. It seems as though an advisor should have an office in the county seat, the same being arranged to keep on hand information, samples and models, seed testing, etc. A circular letter mailed to the farmers every week, calling attention to this and that would be a great benefit. Such a letter right now in regard to the coming cold crop would save at least 10 per cent of the colts which are usually lost. A good smart advisor could probably hold two meetings a week at the rural school houses, a quarterly meeting each quarter in the small towns and a big meeting in Maryville at the close of the year. I can not spend time to state all the many advantages of an advisor, but above all he would keep in mind the moral welfare and uplift of the people. We should have better towns, better neighbors, better homes and tenants, and life would more be worth the living. In closing, I will quote the words of an anonymous writer.

Our rural homes, long may they live To tell their country's story; They are our health, our wealth and night, And are our future glory.

Court Gave \$50.

The county court made an order Wednesday giving \$50 to the county court contest to be held this fall under the direction of County Superintendent Oakerson.

Banker Carl Wray of Guilford was a business visitor in Maryville Tuesday.

GAVE HER ALIMONY

MRS. REEDER ALSO GETS CARE AND CUSTODY OF CHILDREN.

COURT NEARING AN END

Adjournment to Be Taken Saturday and Petit Jury Will Probably Be Discharged—Cases Continued.

Only a short session of circuit court was held today, as there were no cases set for trial. Court will meet again Thursday morning, and if there are no jury trials for that day the court will then discharge the petit jurors. The February term will adjourn Saturday.

In the divorce case of Maggie Reeder vs. Albert F. Reeder, the court granted a decree of divorce to Mrs. Reeder and the care and custody of two minor children. Alimony of \$20 a month was also given to the plaintiff for her support.

The case of Charles Robinson, charged with carnal knowledge, was continued by agreement. There will probably be no other criminal cases at this term, as nearly all of them have been disposed of. In the case of Cecil Stackhouse, charged with forgery, a petition containing many names was filed in court asking for a parole for the young man. No disposition has been made of this case.

F. A. Breit vs. James Barber, damages, continued by agreement.

First National bank vs. J. M. Gattison, attachment on note, cause continued.

Maryville Furniture company vs. Joseph Younger, attachment suit, attachment sustained and judgment for plaintiff for \$175.65.

DeLaval Separator Co. vs. Conception Mercantile Co., and T. W. Costello, continued on application and at cost of term to defendant. This case has been on the docket for the past five years, being continued from time to time by the attorneys.

Phara Cooper vs. Frank Cooper, divorce, continued by agreement.

S. H. Williams, collector, vs. Mary C. Pierson, back tax, plaintiff dismissed suit.

In the case of Emma Eckles et al. vs. Glen D. Eckles, partition, the report of the special commissioner was approved by the court and an attorney fee of \$499 was allowed to Shinabargar, Blagg & Ellison, a fee of \$5 to M. E. Ford, who was guardian ad litem, and a commissioner's fee of \$100 to W. R. Tilson.

NEW REAL ESTATE FIRM.

O. L. Holmes and E. F. Wolfert in Partnership Under Firm Name of Holmes & Wolfert.

A new real estate firm was formed in Maryville this week, the name of the new firm being Holmes & Wolfert, composed of O. L. Holmes and E. F. Wolfert. They will deal in real estate, insurance and loans. Their office will be over Crane's book store.

McGrew Will Filed.

The will of Brinton McGrew, who died at his home, near Barnard, a few weeks ago, was filed in probate court Wednesday. The will was written on February 1, 1912, and was witnessed by George R. Ellison and James S. Shinabargar. By the terms of the will the personal property is to be divided equally among his wife, Josie M. McGrew, and a daughter, Beatrice McGrew. The real estate is left to his wife and at her death to be given to their daughter, Beatrice. Josie McGrew was named as executrix.

A Visitor From Portland.

Miss Milan Peniston of Portland, Ore., who arrived a short time ago on a visit to the family of her cousin, T. J. Peniston and family of South Main street, went to Creston Monday night to visit another cousin, Mrs. Martin Hoefler. Miss Peniston expects to spend a year in this part of the country with relatives, and the greater part of the time will be spent in Maryville.

Miss Katie Psenner and Miss Neta Bagby visited in Hopkins Tuesday afternoon.

Funeral Thursday Morning.

The funeral services for Mrs. William Joslin, who died Tuesday morning at her home, near Guilford, will be held Thursday morning at 11 o'clock at the M. E. church in Guilford.

The Elks held their annual election of officers Tuesday night and the following were selected:

Dr. Harry L. Stinson, exalted ruler.

Dr. Jesse Miller, leading knight.

Ralph Marcel, loyal knight.

F. P. Reuillard, lecturing knight.

Dr. Frank Wallis, secretary.

F. P. Robinson, treasurer.

W. F. Phares, trustee for three years.

A. E. Schumacher, iller.

Lawrence Schumacher was selected as representative of the lodge to the national grand lodge to be held in Rochester, N. Y., this year. The alternate is E. E. Williams.

The delegates selected to the state Elks association meeting to be held at Cape Girardeau, Mo., in May were E. E. Williams, Dr. H. L. Stinson, George Robb Ellison and Phil Smiley.

Five new candidates were initiated into the Elks Tuesday night. After the initiation a luncheon and smoker was held in the banquet room in the basement of the building.

COUNTY UNIT BILL UP TODAY.

A Small Senate Skirmish Won by the "Drys" Yesterday.

Jefferson City, March 5.—The outcome of one of the most important prohibition fights Missouri has known is being told this afternoon when county unit comes up for final passage.

After getting a bad setback Monday the "drys" came back and captured the second round yesterday by getting the bill on the calendar despite the adverse report of the committee as a special order for today.

The vote stood 21 to 8 for making the order on the bill over the committee's report, but it was no true test of the senate for several avowed "wets" voted for the motion.

When the senate opened Tuesday Senator Craig of Nowaday county made the motion to take up the bill today. Senator Busby of Carrollton seconded the motion. But the scrap was a weak one. Senator Casey spoke in opposition. He said he was opposed to taking any bills out of their order. Craig replied that the importance of the county unit bill deserved the action of the senate.

Last night both the "wet" and "dry" camps are busy mustering their forces for the battle over the hill. While the "drys" claim they have a fighting chance of passing the bill, it is believed that the advantage lies with the "wets," and that the bill will fail of passage by two votes.

SCHOOL WAS APPROVED.

North Wildcat, Near Clyde, Now a First Class Rural School.

The North Wildcat rural school of near Clyde was approved recently by State Superintendent W. P. Evans as being a first class rural school. Miss Margaret McCann is the teacher of the school. The school came up to all of the requirements of an approved school, and so the certificate of approval was issued.

OPERATED ON FOR ABSCESS.

Cleva, the 4-year-old daughter of Mr. and Mrs. William Glover, living at Edward and Dewey street, was operated on Tuesday evening at 7:30 at St. Francis hospital for abscess of one lung. The little girl has been sick over a month with pneumonia and was in a serious condition. The physicians, Dr. C. T. Bell and Dr. Will Wallis, performed the same operation on the little girl they performed last week on Louise Peery, daughter of Mr. and Mrs. M. A. Peery. Both children are getting along nicely.

HOME FROM OKLAHOMA CITY.

TOGETHER IN MAY

HANAMO AND BELL LINES WILL BE JOINED THEN.

COMMENCE NEXT WEEK

New Switchboard Will Be Here and the Work Will Start at Once—Harry Todd National Director.

Harry C. Todd, manager of the Hanamo Telephone company of this city, returned Wednesday from a two days business visit in Chicago, and where he attended a meeting of the board of directors of the National Independent Telephone association, of which board he is a member. Mr. Todd was selected as a member of the board a week or so ago and is the only member from Missouri. There are sixteen other members of the board over the United States. This is the first meeting of the board that Mr. Todd has attended.

While Mr. Todd was in Chicago he found out that his new up-to-date switchboard will be in Maryville by next Wednesday. It will probably take three weeks to install the board, as all of the pieces and equipment are separate and will have to be put together here. After the board is put together work will then commence to connect Bell subscribers to the new switchboard, then the Hanamo subscribers will be taken. After the wires are connected then the toll lines will be put in. It is thought that it will take until May 1 or June 1 before the work is completed on the switchboard, and then there will be the new desk phones and wall phones to be installed.

The Bell company will still maintain an office in Maryville, and will have a long distance service to all points in the state and over the country. The new company, the Hanamo, will also use the Bell toll lines.

NEW MAN AT ALDERMAN'S.

Bellmar Coffman of Manhattan, Kan., to Have Charge of Carpet and Drapery Departments.

The Alderman Dry Goods company has secured Mr. Bellmar Coffman, who has been in charge of the carpet and drapery departments of the L. R. Eakin store in Manhattan, Kan., for the past eleven years, to take charge of the carpet and drapery and wall paper departments of the Alderman store. Mr. Coffman's experience and personality is fast winning for him the confidence of the Maryville people.

A MISSIONARY DEBATE.

Home Missions Versus Foreign Missions Will Be Discussed Tonight at Presbyterian Church.

A good many people believe in home missions more than in foreign missions, and vice versa. The writer knows one church where over \$3,000 was given to foreign missions and less than \$100 to home missions. Other churches give as disproportionately the other way. But all shrill argument forever ceases after tonight. This question is going to be settled in a debate at 7:30 o'clock this evening at the First Presbyterian church.

W. H. Crawford, Dean George H. Colbert of the Normal, C. E. Wells and H. P. Swinehart are the debaters, and the question is, "Resolved, that home missions are more worthy of support than foreign missions. The first two gentlemen will speak for the affirmative and the last two for the negative. Three ladies will be the judges.

Say It Has No Right to Prejudge Case Before Hearing.

TAKING OF TESTIMONY BEGINS

One Hundred Witnesses Will Be Examined in Omaha in Case to Dissolve So Called Harvester Trust. Other Hearings Scheduled.

Omaha, March 5.—Judge W. D. McHugh of Omaha, attorney for the defendant in the suit brought by the federal government to dissolve the so called International Harvester company trust, sharply criticises the government for publishing the report of Luther Conant, Jr., United States commissioner of corporations, in which Conant declares the company is a monopoly. It is an attempt by the government to prejudice the suit, says Judge McHugh, and is "manifestly unfair and unjust" and "merits most indignant protest."

Taking of testimony for the defendant began in Omaha today. About 100 witnesses will be examined. Other hearings will be had in all the important grain centers of the United States.

BOWLING LEADERS CHANGED

Consistent Work Results in Good Scores in Most Events.

Toledo, March 5.—A general change was made in the individual and two-man leaders in the American Bowling congress tournament. While the rolling in both events was not considered by the officials as exceptional, the work of the men was consistent and resulted in good scores in most events. In the individual class A, Marsh of Springfield, Ill., climbed into second place with a mark of 651. George Palt of Madison, Wis., tied with S. W. C. Reichter of Chicago for fifth place with a total of 644.

In the two-man events A. Haas and C. Carr of Fort Wayne and H. Hovey and C. W. Ashley of Sioux City tied for second place, each team with a total of 1247. G. Jackson and H. Brooks of Fort Wayne went into second place in the all-events class by their consistent work. His total for the nine games is 1,834.

Darrow Denounced in Bitter Speech.

Los Angeles, March 5.—A bitter exhortation of Clarence S. Darrow marked the opening of arguments in the trial of the Chicago lawyer for alleged jury bribery on behalf of the McNamara. Former Judge Wheaton A. Gray, who has acted as special prosecutor, began the closing argument for the state. Each side will consume eight hours. Darrow closing for the defense and Assistant District Attorney Ford for the prosecution.

Financier Taken From Burning House.
New York, March 5.—Dr. Seward Webb, railroad man and financier, who has been ill for some time, was rescued by his servants when a fire on the second story of his home on Fifth avenue, near Fifty-third street, threatened to reach his apartments. Only two weeks ago John D. Rockefeller bought from Mrs. W. Seward Webb the residence in which the fire occurred. The price paid was \$1,250,000.

Attorney General Rules on Primary Act.
Pierre, S. D., March 5.—Attorney General Johnson rendered an opinion covering a number of points in the Richards primary law on queries which were submitted to him. Among other things, he holds that under the provisions of that act there are no party organizations in the state of South Dakota at the present time and cannot be until after the primaries.

Marriage of Anna Gould Annulled.
Paris, March 5.—A Rome dispatch says the papal tribunal has annulled the marriage of Count Boni de Castellane with Anna Gould, now the Duchess Tallyrand, on the ground that Miss Gould showed by a declaration she made shortly before the marriage that she did not accept the indissolubility of the Christian marriage.

Orders Prize Fight Stopped.
Lincoln, March 5.—During the absence of Governor Morehead in Washington, Lieutenant Governor McKelvie (Rep.) is occupying the executive chair in the state house. His first official act was to issue orders to the sheriff of Saline county to stop a prize fight scheduled in the city of Wilkes next Thursday night.

Divided Sessions Begin.
Lincoln, March 5.—The supreme court began its divided sessions. Judges Barnes, Pawcett and Rose sitting with Chief Justice Reese. This arrangement will continue for the week, when next Monday the other three, Judges Sedgwick, Hamer and Letton, with the chief justice, will hear the cases.

Mrs. Emerson May Die From Shock.
Buffalo, March 5.—The condition of Mrs. Mary Emerson of Dorsey, Neb., the woman who was badly shaken up sustaining a nervous shock in a wreck of a Walworth at Cayuga, Kan., took a change for the worse, and Dr. Porter of the railroad fears she may not recover, being seventy-two years of age.

STOMACH SOUR? GOT INDIGESTION ALSO?

"Pape's Diapiesin" Make Upset Stomach Feel Fine in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapiesin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapiesin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapiesin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery. Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.—Advertisement.

TWO BIG SUPPLY MEASURES FAIL

Taft Vetoes Sundry Civil Bill Because of Exemptions.

FILIBUSTER KILLS INDIAN ACT.

Senator Fall Talks Bill to Death in Closing Hours—Special Session of Senate Assembles to Act on Wilson's Cabinet Appointments.

Washington, March 5.—Two of the great annual appropriation bills necessary to the maintenance of the federal government failed to pass when the Sixty-second congress would up its affairs.

Senator Fall of New Mexico, holding the floor through the closing hours of the session, talked the Indian appropriation bill to death, with its \$12,000,000 for the support of the Indian service, while President Taft wrote his veto on the \$115,000,000 bill to take care of the sundry civil expenses of the government.

The house repassed the sundry civil bill over the veto, but when it reached the senate Senator Poinsett objected to any appropriation for the Washington police force unless an investigation had been made for the riotous scenes attending the suffrage parade Monday, and the senate did not vote on the bill.

Objects to Labor Exemption.

Mr. Taft vetoed the sundry civil bill because of its provisions exempting labor unions and farmers' organizations from prosecution under the anti-trust law. Most of the appropriations would not take effect until July 1, however, and the new congress can prepare appropriation measures by then.

The provision which Mr. Taft objected provided that no funds could be spent in prosecution of organizations or individuals for "entering into any combination or agreement having in view the increasing of wages, shortening of hours or bettering the conditions of labor," or for the prosecution of "producers of farm products and associations of farmers who co-operate and organize to obtain and maintain a fair and reasonable price for their products." This he declared, was "class legislation of the most vicious sort" and would undoubtedly be held unconstitutional by the courts. Referring to the farmers' clause, President Taft said:

"At a time when there is widespread complaint of the high cost of living it certainly would be an anomaly to put on the statute books of the United States an act in effect preventing the prosecution of combinations of producers of farm products for the purpose of artificially controlling prices."

The special session of the senate, which Vice President Marshall called to order immediately after the Sixty-second congress adjourned, assembled again at noon today to receive and act on President Wilson's cabinet appointments.

President Wilson's Cabinet.
Washington now accepts the following as President Wilson's cabinet: Secretary of state, William Jennings Bryan of Nebraska; Secretary of the treasury, William G. McAdoo of New York; secretary of war, Lindley M. Garrison of New Jersey; attorney general, James McReynolds of Tennessee; postmaster general, Representative Albert Burleson of Texas; secretary of the navy, Josephus Daniels of North Carolina; secretary of the interior, Franklin K. Lane of California; secretary of agriculture, David F. Houston of Missouri; secretary of commerce, Representative William C. Redfield of New York; secretary of labor, Representative William B. Wilson of Pennsylvania.

TAFT FAMILY IN GEORGIA

Former President is Guest of City of Augusta.

Augusta, Ga., March 5.—Former President Taft and family arrived here today. He expects to be in Georgia to rest and play as the guest of Augusta for three weeks. On March 27 he plans to go north again to New Haven to settle down under the elms of Yale to the peace and quiet of life as professor of law.

Says Machinery Is Unsafe.

Moline, Ill., March 5.—Fifteen hundred employees of the Rock Island railroad system at Silvis, Ill., refused to return to work, adopting resolutions in a mass meeting that the machinery in the shops is unsafe and telegraphing to the governor's office at Springfield a request that a factory inspector be sent to Silvis. The action was the outcome of an accident Feb. 28, when two men were killed and five injured by a falling crane. The shops have been idle since.

McCombs Ambassador to Paris.
Washington, March 5.—Members of President Wilson's personal party declared that William F. McCombs, chairman of the Democratic national committee, would soon be appointed as ambassador to France.

New Grand Circuit Rule Rescinded.
Cleveland, March 5.—According to a mail vote of the members of the Grand circuit, announced by Secretary Harry Kline, the rule restricting the earnings capacity of stake horses will be rescinded.

What a Hen Can Earn a Year.
At the conclusion of an article on "The Poultry Business" in the current issue of Farm and Fireside appears the following:

"The four cornerstones upon which the success of the poultry business depend are: (1) Suitable buildings, properly located, (2) the right foods skillfully fed, (3) good fowls carefully bred, (4) facility and ability to hatch and rear chickens.

If anyone is willing to employ some common sense, there is no reason why he should not be able to clear \$200 over feed expenses from one hundred layers. A good many are doing much better."

UGH! HOW CHILDREN HATE CASTOR OIL

To Clean the Little One's Stomach,
Liver and Waste-Clogged Bowels
Give Gentle "Syrup of Figs."

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and 30 feet of bowels now; we coax them. We have no dreaded after-effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath feverish and its little system full of cold, has diarrhoea, sore throat, stomach ache; doesn't eat or rest well—remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. Accept nothing else—Advertisement.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made
from Garden Sage, Restores
Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however, is not a sign of old age, but a sign of a person's hair color. We all know the advantage of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give you hair youthful color and beauty in a few days' time? Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Weyth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent Kock Pharmacy.

MEXICO BECOMING MORE QUIET

General Inclination to Recognize New
Regime Is Being Manifested—Car-
ranza Revolt Is Spreading in North-
ern Part of Republic.

Mexico City, March 5.—Major Cardenas, who was in charge of the escort of Francisco Madero and Jose Pino Suarez on the day they were killed, was promoted from the rural guard to the same rank in the regular army. A general inclination to recognize General Huerta's administration is being manifested by the rebels in all parts of the republic. Nearly all the rebel leaders have now fallen in line, asking either that their men be incorporated in the regular army or mustered out. Many of the rebels, however, display sensitiveness in regard to the amnesty bill to be discussed by the chamber of deputies today, which they say, wrongly implies their defeat. Rumors of plots and conspiracies are frequent in the capital; everybody continues to suspect his neighbor. Secret service men keep constant watch over the most prominent suspects.

A force of rebels has occupied Yreapita, Morelos. The war department announced its intention of dispatching a punitive expedition into the southern rebel zone.

New significance has been added to the northern insurrection under General Carranza of Coahuila by the discovery of some adherents of Carranza far to the west in Zacatecas where they have burned railroad bridges.

SECOND CLASH AT DOUGLAS

Many Shots Are Exchanged Across
the Border.

Douglas, Ariz., March 5.—A second skirmish occurred between the Ninth cavalry troops and Mexican federal soldiers from Agua Prieta, across the international border, one and a half miles southeast of Douglas. Mexicans to the number of fifty fired on the border patrol at a distance of 250 yards.

In answer to a hurry call troops E and F and a machine gun platoon of the Ninth cavalry were rushed to the place where the Mexicans had fired on the patrol squad. A rapid-fire was put in immediate operation, in addition to a hot fire from the negro cavalrymen's rifles. The Mexican soldiers returned the fire.

Killed by Half Brother in Quarrel.
Aberdeen, S. D., March 5.—In a quarrel at the home of his father, J. G. Grosz, a prominent farmer, near Frederick, S. D., Wilfred Grosz, aged forty, was shot and killed by his half brother, Tom Grosz, aged eighteen. Wilfred died in an hour and a half after the shooting. The sheriff was notified and Tom awaited his coming and is now in jail here. According to the statements of the family, the dead man went to Frederick and became intoxicated. Returning home he seized a shotgun and threatened the entire family. Then Tom seized another gun and shot his half brother.

New York Central Is Fined \$30,000.
Buffalo, March 5.—A fine of \$30,000 was imposed on the New York Central railroad in the United States court for failing to observe published rates of demurrage at East Buffalo. The fine was paid. A stipulation was also filed discontinuing ninety-eight actions against the Lake Shore and Michigan Southern and the New York, Chicago and St. Louis railroads for violations of the law in connection with cattle shipments. The railroads paid \$25,000.

Will Attend Niece's Wedding.

Mrs. L. J. Nash went to Oregon Wednesday morning to attend the marriage of her niece, Miss Eva Hershner to Mr. Frank Buntz, a young farmer of near Mound City. The wedding will take place Thursday evening at 7 o'clock at the German Methodist church, six miles east of Oregon, in the presence of 100 guests. A reception will follow at the home of the bride's parents, near the church.

Twentieth Century Club.

Marketing was the problem up before the members of the Economics department of the Twentieth Century club Tuesday afternoon at the Elks club. Such problems as come into the every-day life of almost every housewife. The following subjects showed careful study:

"Quality of Foods," by Mrs. Berney Harris.

"Cold Storage Problems," Mrs. John Richey, substituting for Mrs. J. A. Ford.

"Weights and Measures," Miss Marie Brink.

"Marketing of Green Vegetables," Mrs. W. H. Crawford.

"Marketing of Canned Goods," Miss Rena Sturm.

A paper left over from last meeting was read at this time by Mrs. G. B. Holmes. Her subject, "Homemaking a Double Responsibility to be Equally Shared." She was convincing in her conclusions, based as they were upon a firm foundation—the Bible.

In the discussion led by Mrs. Beal Roseberry, all loose ends were gathered up, and taking it altogether it was one of the most interesting and instructive meetings of the season.

Celebrated the Inauguration.

The meetings and social affairs of the M. L. Circle are so good all the time that the members and their friends are saying each successive one is the best, but the meeting of Tuesday afternoon at the home of Mrs. L. W. Nixon, they all say, was altogether the best one. Perhaps it was because the program was all so timely. It had to do with the presidential inauguration day, as the meeting was being held soon after the time the ceremonies were going on in Washington that inducted our new president, Woodrow Wilson, into office, and there was the natural enthusiasm over it that all good Americans feel. And then, in addition to that, was the interest in the Missouri Ladies Military band from Maryville, that had headed the suffragists' parade in that city the day previous, an honor that we all share in. The devotional service was led by Mrs. T. K. Wray. Responses to lead by Mrs. D. Kemp acted as critic. After the program the members of the Circle discovered why special word had been sent out requesting a full attendance of the membership. The hostess invited all to remain for luncheon, a thing that is against the rules, but as it was inauguration day three of the members, Mrs. Nixon, Mrs. W. A. Bailey and Mrs. T. K. Wray, arranged a delightful and elaborate supper for them, without let or hindrance from anyone, and it was thoroughly enjoyed by all. The menu consisted of three courses:

Bread and Butter Sandwiches.
Pressed Chicken. Potato Salad.
Coffee.
Chocolate and Coconut Wafers.
Ambrosia with Whipped Cream.
Angel Food Cake, Revolutionary Cake.
Brick Ice Cream.

Their Annual Banquet.

The Sphinx club held its fourth annual banquet Tuesday evening at Binter's cafe. There was an elaborate five-course menu. Mr. A. J. Luppold was the honor guest of the club. The speeches were along the general line of better things for Sphinx club life, and the club post, Albert Binter, read some verses of considerable merit. The banquet speakers were Ed Gray, John Kessler, Leland Ward Andrews and Lester Thompson. The other club members are Hosick Holmes, Andy Chris Cummins, Elmore Frank, Robert Wells, Clyde Hutton and Magnus Tate.

Seventeenth Wedding Anniversary.

Mr. and Mrs. Will Lett, living five miles east of Pickering, were surprised by their friends Tuesday evening, March 4, to observe their seventeenth wedding anniversary. The guests spent a delightful evening socially, and lunch was served at a late hour, and it was the wish of all that the host and hostess might have many more happy and prosperous years of life. The guests were Mr. and Mrs. Chance Copeland and family, Mr. and Mrs. Elma Koger and family, Mr. and Mrs. Bert Oliphant, Miss Lolla Oliphant, Mrs. Lucinda Hood, Miss Grace Hood and Charles Hood, Mr. and Mrs. Ira Miller and family, Mr. and Mrs. Abe Byerrum and family, Mr. and Mrs. Luther Pistolet, Mr. and Mrs. Murray Lincoln and daughter.

What the Best Dressed Women Will Wear This Spring

No. 2004—The "Winston" Suit is as remarkable for the value given for the price, as it is for its style "snap." It is a simple but clever modification of the popular cut-away jacket, the rigid severity of the tailoring being relieved by a soft touch at the cuffs and by small self-colored buttons effectively placed. Price \$25.

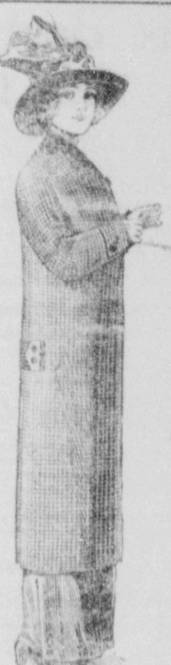

The tailor made suit will probably have a jacket in cut-away model, and in the most approved form the back of the jacket will hang two or three inches lower than the front. The side-buttoning style is still good, and the narrow skirt is as correct as ever, except that this spring's models have a little more fullness at the hips, with perhaps a little "draping" effect.

Coats for wear over dresses are a trifle shorter than last season—45 to 50 inches, except the manish, "sport" coats, which go to full 54 inches, with a tremendous "flare" at the bottom. Eponge, mistral canvas and the new "knit-

ted" or toweling cloth weaves are much used in coats, and light grays, pure white and black and white are especially approved. Of course the sturdy serges, in various novelty weaves and wales, in tans, grays and blue, are as correct as ever for utility coats.

All of which—and more in detail—is magnificently demonstrated in the carefully selected garments in our present showing.

An exposition of the true, approved styles in women's wear, shown in moderately priced garments—notably in the famous Wooltex coats, suits and skirts.

No. 2209—This coat model is an unmatchable value in cloth quality, style quality and tailoring quality. A handsome, distinctive style, a feature of which is the half-belt with its overlapping pearl buttons in the back. It is 54 inches long and is made of very durable material. Price \$20.

The story the bank book tells

There is no more interesting reading than the credit pages in your bank book, telling you the sum that is held subject to your order. Your success is measured by the figures in your bank book. If you have a bank account which is growing every month, you are on the royal road to success.

Employers are quick to learn of the fellow with a bank book and he is the man they look to first when responsible positions are open.

The celebrated Fata Morgana, a presentation of natural "moving pictures" on an immense scale, which is occasionally seen in the Straits of Messina, is explained by a scientific factor as being a mirage, such as frequently occurs in various parts of the world. "In fact," he says, "one may see a mirage any day by looking through the stratum of air overlying the stove, or adjacent to the side of a wall heated in the sunshine." Young scientists will be interested in verifying this statement.
